

# ESG: OUR PATHWAY TO A STRONGER, GREENER MINING SECTOR

Insight

---

Environmental, social and governance factors are rapidly transforming the mining sector, presenting investors, mining operators and industry participants with a range of challenges and opportunities across the value chain. The way forward is clear – we must engage with these issues head on, or risk being left behind.

From identifying ESG opportunities in M&A and moving towards cleaner mining operations, to managing the risks of novel claims, we break down eight key considerations to help you innovate and lead when it comes to ESG.
