

INSIDE ARBITRATION - ISSUE 12

21 July 2021 | Global
Guides

Inside Arbitration is intended to give our clients a personal insight by sharing with you the perspectives of our international arbitration partners from across the globe. Our articles look at the global landscape for disputes and dispute resolution, commenting on regional trends in particular markets or sectors or identifying future trends.

We also focus on particular points of interest arising from our cases with wider relevance and how, practically, we addressed those issues, often by combining the skills of our practitioners across our global network. There are interview pieces aimed at drawing out some of the truly unique skills and backgrounds of our partners. Finally, we aim to take advantage of our contacts across the global arbitration market to bring our clients the inside track from regional and international institutions.
