This is the new edition of the **Legal Guide for Foreign Investors in Russia**.

As the business landscape in Russia continues to evolve, so does the Russian legal system. The guide is a complete update since we last published it in 2015 and covers a wide range of issues which are important for foreign investors to consider when setting up, or investing in, a Russian business. Among those are: **foreign investment restrictions, corporate governance** and **tax**.

We also share practical tips on **establishing a legal presence** in Russia, conducting **due diligence, acquisition structures** commonly used in Russian deals and setting up and operating **joint ventures** with local partners.
