LA LLAMADA CARTA DE DERECHOS DIGITALES. ¿ATAÑE A LA EMPRESA?

Pablo García Mexía, Consultor-Director del área de Derecho Digital en nuestra oficina de Madrid, comenta en este vídeo el contenido de la Carta de Derechos Digitales, que en estos días se está tramitando. Los principios y derechos recogidos en la misma son de evidente importancia para las Administraciones públicas y para los ciudadanos, si bien, por las razones que aquí Pablo explica, también podrían serlo para la empresa, a la hora de configurar sus sistemas y procesos.

THE DIGITAL RIGHTS CHARTER. WHAT DOES IT MEAN FOR YOUR COMPANY?

In this video, Pablo García Mexía, Consultant-Head of the Digital Law practice at the Madrid office, looks at the contents of the Digital Rights Charter, which is currently being finalised. The principles and rights contained in the Charter are evidently important for the public authorities as well as the public; however, for reasons that Pablo explains in the video, the Charter may also be important for your company when designing its systems and processes.
