

NORTH SEA UPSTREAM RESTRUCTURINGS: LESSONS FROM LOWER FOR LONGER

07 February 2018 | Global
Legal Briefings

Brent crude's 18-month slide from above \$110bbl to a January 2016 low of under \$30bbl led to a number of high-profile North Sea upstream restructurings. This article considers what we can learn from recent cases and how they can inform the approach of companies, lenders, bondholders and restructuring professionals in future cases in the sector.
