

# WHAT DEVELOPERS NEED TO KNOW ABOUT AUTONOMOUS VEHICLES

18 December 2017 | UK

Legal Briefings - By **Matthew White, Partner**

---

Developers and planners need to start preparing now for the future impacts of autonomous vehicles, Matthew White suggests in his article for Planning Magazine, published on Friday 15 December 2017.

**The article takes the form of a Q&A with Matthew answering the following questions:**

- What support are the government and the private sector providing for driverless car technology?
- Is there any evidence that driverless cars will become widespread on UK roads?
- What key planning and development issues does the spread of driverless cars raise?
- How could the rise of driverless cars impact on local authority planners?
- What particular implications does it present to developers?
- Should planners prepare for the impact of driverless cars now?
