

# ALT: COMPETITION, REGULATION AND TRADE

---

We support the [Competition, Regulation and Trade](#) practice as it navigates a dynamic environment of evolving regulation and global enforcement.

## Contentious Support

Our highly experienced eDiscovery and Legal Review teams offer tailored, cost-competitive solutions for managing large-scale, complex document review exercises, as found in:

- internal investigations into possible anti-competitive behaviour;
- formal or informal information requests arising from investigations by competition authorities or sectoral regulators; and
- stand-alone litigation or follow-on damages actions arising from claimed competition infringements.

To find out more, please visit our [ALT: Dispute Resolution](#) page.

## Non-Contentious Support

We assist on due diligence exercises in respect of M&A transactions to highlight key issues in underlying contracts. Our extensive experience and bespoke workflow processes mean that we are well-equipped to work with teams across the Herbert Smith Freehills network to deliver market-leading services to our clients.
