BACKGROUND

I read Philosophy and French at the University of Exeter (with a year at the Sorbonne University in Paris) before undertaking the Graduate Diploma in Law and Legal Practice Course at BPP University.

[Securitisation and Structured Finance](#)

EXPERIENCE

I am a newly-qualified associate within the structured finance team. I spent my two-year training contract developing my skills and challenging myself over the course of four varied seats. The cross-section of experiences that I gained during this time, with particular attention to the six months I spent at the firm's Paris office, have given me a solid foundation and understanding of the legal and commercial factors relevant to structured finance transactions.
