## **EXPERIENCE**

Bianca helps clients navigate insurance and reinsurance disputes across a range of clauses of policy. She also assists clients following health and safety incidents causing serious injury or death as well as complex or high-value personal injury claims including stress at work and alleged bullying incidents.

Bianca's experience includes advising:

- BP in relation to the Inquest following the In Amenas terrorist attack in Algeria in January 2013
- Chevron in relation to the police and HSE investigation arising from the Pembroke Refinery Explosion which resulted in 4 fatalities
- a firm of structural engineers in relation to two multi-party claims in the Technology and Construction Court arising from the collapse during construction of a new build church in Ilford
