EXPERIENCE

Pablo is a corporate partner with expertise in private and public M&A transactions with a strong focus on private equity (in particular, LBOs and MBOs). Based in Madrid, Pablo advises leading Spanish and foreign entities, primarily in relation to corporate transactions, M&A and joint ventures.

Pablo joined the firm as senior associate in the Corporate practice in 2009 and was promoted to partner in May 2015. Previously, he worked at other major law firms.

Pablo's experience includes, among others:

- Antin Infrastructure Partners on all legal aspects related to the disposal of Axión Infraestructuras de Telecomunicaciones to AMP Capital
- Oaktree Capital on the acquisition and financing of a €740 million mortgage loan portfolio comprising Spanish and Portuguese commercial real estate properties held by FMS Wertmanagement (Project Gaudí)
- Magnum Capital Partners on the sale of Centro Médico Teknon, a leading hospital in the Spanish private healthcare sector
- Kohlberg Kravis Roberts & Co. (KKR) on its €417 million acquisition of a one-third stake in Acciona Energía International, a Spanish company focused on operating the renewables assets of Acciona Group outside of Spain
- Telefónica on the intended €13,5 billion sale of O2 to Hutchinson Whampoa
- Antin Infrastructure Partners jointly with RREEF Infrastructure, on all legal aspects related to the acquisition of a 90% equity interest in Andasol-1 and Andasol 2, two thermosolar power plants from ACS in Spain

ACCOLADES

His expertise in corporate/M&A and private equity practices is highlighted through listings in Chambers and Partners and Legal 500. He has been also ranked as a leading lawyer in Corporate/M&A Law and Private Equity Law by Best Lawyers.

Pablo is valued by clients, particularly due to his personality, strong work ethic and ability to sift through the minutiae and come up with commercially relevant insights. He attracts particular praise for his “calm approach, even when under pressure and the deadlines are extremely tough” and “ability to cut through the issues”.
