EXPERIENCE

Sarah focuses on corporate and commercial transactions in the power, oil and gas, and infrastructure sectors including advising on international mergers and acquisitions, restructurings, commercial joint venture agreements and providing regulatory advice. Since qualifying in September 2018, Sarah's experience includes advising on domestic and international power projects and energy and infrastructure projects.

Sarah's experience includes advising:

- EDF Energy Renewables in connection with private wire and power purchase arrangements at a Scottish wind farm

- a confidential project company on a consensual termination and settlement in relation to a major UK PFI project
- Quinbrook on the negotiation of power purchase agreements and gas purchase agreements for the Beaufort and Breacon power projects
- Infinis on a certain regulatory matters in relation to the Capacity Market Rules
