EXPERIENCE

Tanisha has experience of advising clients on their data protection compliance regimes, including on data protection policies and procedures, data protection-related contractual provisions, international data transfers, and the extra-territorial effect of the GDPR.

During her training at the firm, Tanisha completed a six month secondment to the legal Operations and Supply Chain team at British American Tobacco between September 2019 - March 2020, and a shorter six week secondment across the Commercial Development and Transformation legal team at bp, and the commercial legal team at bp pulse in August 2020.

Tanisha's experience includes advising:

- bp pulse on a range of commercial, technology and data and related matters
- an international bank on a review of its data protection arrangements for regulatory compliance and best practice, including reviewing key documents and policies, considering data transfers between its various entities and considering the extra-territorial effect of the GDPR.
