

INTELLECTUAL PROPERTY

MAKING THE MOST OF INNOVATION

Our intellectual property lawyers help the world's foremost companies unlock the value of their intellectual property to protect their investment, to secure and maintain competitive advantage and to obtain commercial outcomes. Our team are globally recognised as market leaders, and they have acted on some of the most complex disputes and transactions in the market.

Intellectual property is a crucial differentiator amongst global businesses, and changes in the IP landscape are gathering pace. In competing for growth in mature markets, global players are looking to their brand and innovations to drive revenue.

Whether you are looking to monetise your innovations, protect revenue streams, or structure your intellectual property, our lawyers combine technical expertise and commercial nous to achieve the optimum outcomes for our clients. We help our clients commercialise and protect their innovations across sectors and continents, and are trusted with the most complex "bet the company" disputes and transactions.

We work in partnership with our clients to understand their businesses and where intellectual property adds value. In this way we are ready to provide strategic guidance as you navigate the global IP landscape, to help you avoid costly disputes and achieve favourable commercial outcomes. Where litigation is required, we bring to bear seamless global dispute resolution capability that is highly rated by our clients and in all major directories.
