

JOINT VENTURES AND INVESTMENTS

We help our clients with all of the legal services required for the creation, operation and termination of joint venture agreements and strategic alliances of all shapes and sizes. Our understanding of the complex legal challenges posed by joint ventures and strategic alliances ensures that our clients meet their business objectives quickly and effectively.

Our expertise covers the full life-cycle of a joint venture agreement, from inception through to business planning, evaluation and implementation. We are positioned to support clients looking to enter into agreements across Europe, Africa, Asia, Australia, the Middle East and Latin America and are able to add real value by leveraging our leading reputation for sectoral expertise to provide practical, commercial solutions.

In addition, we regularly support our corporate and financial investor clients on corporate venturing/VC investments to help them identify, diligence, structure and secure equity and other investments across a range of businesses and sectors. Our understanding of the legal and regulatory challenges that arise on these deals and our familiarity with the documentation, terms and wider market trends enables us to manage transactions of this nature in a very organised and efficient way.
