

# UK INSURANCE AND REINSURANCE DISPUTES ANNUAL REVIEW 2021

03 February 2022 | UK  
Guides

---

Our annual review looks back over the last 12 months to assess the insurance world's key cases and developments

As many of you will know, we have produced this publication for many years for our clients and contacts with an interest in the UK insurance and reinsurance market. This year we have taken a slightly different approach to the publication recognising the benefit of online and electronic resources, particularly as most of us are working from home for more of the time. Rest assured that you will still find the same content on key cases and developments from the past 12 months but we have also included additional commentary putting these updates in context with links to our articles for more detailed analysis on [our blog](#). For those of you interested to see an overview of the cases we have covered this year, we have included a section called 'The Year in Cases at a Glance', with links to our articles on each decision.
