

PHARMACEUTICALS AND HEALTHCARE REGULATORY

HARNESSING REGULATORY STRATEGY TO DELIVER INNOVATION

The sector specialists across our network help some of the world's foremost pharmaceuticals and healthcare companies achieve their strategic goals at critical points in the life-cycle of their most important products, and in their transactions and disputes.

The sector specialists across our network help clients achieve their strategic goals and manage risk in their transactions and disputes, and at critical points in the life-cycle of their most important products.

Our cross-border team also handles major product recall and crisis management, and follow on disputes and investigations, regulatory challenges, procurement disputes, class actions and insurance coverage.
