

PROJECTS

BUILDING FOR THE FUTURE

Building the future requires optimism and forward looking, strategic and commercially-focussed insight.

On large-scale, long-term [infrastructure](#), [mining](#), [construction and engineering](#), and [energy projects](#) we offer our clients innovative [financing](#) and bespoke contractual structures that allow them to meet their projects' objectives.

Having acted for parties on all sides of projects and transactions, we can provide you with a unique and broad perspective on deals and a strong understanding of the market overall.

We help sponsors, banks, government and other public bodies, and financial institutions on domestic and international projects across all sectors including [oil and gas](#), [power](#), [nuclear](#), [renewables](#), [water and waste](#), [rail](#), [airports](#) and [roads](#), as well as [PPP/PFI](#).

Throughout every stage of a project's life cycle we can help you with project structuring, delivery and financing, risk analysis and management, preparation of project documentation and contract negotiation, transaction and project due diligence, [planning](#), environment and title acquisition advice, equity investments, tax structuring, acquisition and disposal of project interest and [dispute resolution](#).

For each project and transaction, we provide a customised multi-disciplinary team of world-leading sector specialists and regional experts. Our key personnel have worked together over many years, on a number of large-scale projects throughout the world and have proven systems to ensure a streamlined, efficient and economical delivery of our services.

We are committed to working in an integrated and collaborative manner with our clients from start to finish - wherever your project may be.

RECENT EXPERIENCE

MOOREBANK INTERMODAL COMPANY LIMITED

Advising on the procurement of the design, construction and operation of the Moorebank Intermodal Terminal, a A\$2 billion freight hub at Moorebank in south-western Sydney

SWANSEA BAY TIDAL LAGOON PROJECT - THE FIRST TIDAL LAGOON POWER PROJECT IN THE UK

Advising the Sponsor (Tidal Lagoon (Swansea Bay) Plc) in relation to negotiations for the Contract for Difference, the Power Purchase Agreements, and its land arrangements with the Crown Estates for the 320MW tidal lagoon renewable energy project in Swansea Bay, Wales
