

GAR LIVE: ENERGY DISPUTES 2021

30 September 2021 | London
Events

The annual GAR Live: Energy Disputes conference is taking place in London this year, where experts from across the country and throughout Europe will join together for a hybrid event. The energy industry is currently in the midst of a pivotal shift with a growing demand for renewable sources. This conference interrogates increasing market volatility within the oil industry and examines the challenges that arise from ageing assets and the decommissioning of projects. Our panel of experts will discuss disputes resulting from the increasing concern surrounding climate change and energy transition across the energy sector.

The event will be co-chaired by Global Head of Arbitration, [Paula Hodges QC](#).

London-based Senior Associate [Charlie Morgan](#) will be taking part in the Oxford Union-style Debate.

In-house counsel and government representatives can attend the conference free of charge. For more information and to register attendance, please visit:
